ATECO PHARMA EGYPT

ATECO Company profile

Introduction

We are pleased to introduce ATECO Pharma Egypt, a company committed to delivering innovative healthcare solutions by manufacturing high-quality intravenous (I.V.) solutions that comply with both national and international standards.

Our Vision

We strive to be a regional leader in I.V. solution manufacturing, setting new benchmarks in quality, innovation, and technology. Our commitment extends beyond products to include people and processes, ensuring world-class standards across all aspects of our operations.

Our Mission

is driven by a team of highly qualified professionals with extensive experience, utilizing state-of-the-art equipment and the latest manufacturing technologies to ensure excellence in every product we deliver.

ATECO Company profile

Our Facilities & Expansion

Our cutting-edge facility, located in the Egypt Suez Canal Economic Zone, commenced operations in late 2022, addressing both local healthcare demands and serving as a hub for international exports.

As part of our long-term growth strategy, we are expanding production capacity in 2025-2026, reinforcing Egypt's role in the localization of the medical industry and strengthening its position as a key player in the global pharmaceutical sector.

Product Range & Manufacturing Capabilities

- **Variety of Volumes:** We offer a wide range of I.V. solution volumes, including 100ml, 250ml, 500ml, and 1000ml, available with or without rubber caps to meet all customer's requirements.
- **Packaging Options:** Currently, we manufacture I.V. solutions in two types of bottles:
P.E. (Polyethylene) Bottles with & without rubber cap
P.P. (Polypropylene) Bottles with & without rubber cap
